

## PARTNERSHIP ECC - INSTRUCTION FOR THE TOURNAMENT CHAIR

The Partnership Eclectic (ECC) Tournament will run for a period of 8 weeks, 5 scores in the 8 weeks can be recorded. A player will have a partner who has a handicap within 8 strokes of her own. The player will post her gross (actual) score for the first round played. For subsequent rounds, she will update the scores on any holes where she has improved her score. At the end of the tournament, the low net score of the partnership will be added for a low net score for the two partners. The winners will be the partnerships with the lowest net score.

Prior to the tournament:

Sign up partners (only 8 strokes difference in handicaps allowed) and collect fee from each player. You may have to use the previous month's handicap since it is possible that their two handicaps can change more than 5 strokes difference the following month. The same handicap is used throughout the ECC once it is set up. Entry fee is \$5.00 and is non refundable after tournament is started.

Make flights as equitable as possible.

Mark score card (see sample) for each player with

Name  
ECC #1 – 2 – 3 – 4 – 5 (no dates)  
Handicap

Get large posting sheets from the Pro Shop (one for each flight) and mark as follows:

Both players' names under each other, Gross Score with handicap.  
Mark stroke holes with dots.  
The 3<sup>rd</sup> line under the team will be for the net score.

Mark small Chairman's posting sheets identical to above (from Pro Shop also).

During the Tournament:

After each round, get a set of weekly scorecards from the Tournament Chairman and post from these to the small sheets. Compare these scores with the ECC cards as very often scores are wrong on the ECC cards! Save these cards during the ECC so you can double-check for errors if necessary.

Players post gross (actual) score each week IN PENCIL from their ECC card to the large posting sheets. At the end of the ECC, these should balance with your small sheets.

After each round, players should call out scores to another player and have the ECC card signed. Partners may not sign each other's scorecard. Leave the card at the course each week as the Chairman needs it.

## **The best net score of the two team members will be the final net score.**

As soon as possible after the last sign up, get the money from the Treasurer \$150.00 for the tournament. This, together with the amount collected from the players, will be the total pay out. Make a tentative pay out schedule.

After the tournament is over:

Determine the winners and pay the winners. The payout can be made at that time and announced at the September meeting. Ties are not to be broken. If 3 teams come in with the same score for 1<sup>st</sup> place, the winnings for 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> will be divided among the 3 teams.

## PARTNERSHIP ECC - INSTRUCTION FOR THE PLAYERS

1. Pick up your EC Card and announce on the 1<sup>st</sup> tee before you tee off that you are playing your EC. You can only record 5 scores in the 8 weeks.
2. The first time you play, fill in all your gross scores in pencil. If you pick up, fill in your most likely score with an X beside it.
3. When you are finished playing, make sure your score is correct and have it attested by your playing partner. Your score must have a signature to count. Your partner cannot attest your score card.
4. Bring your scorecard in and fill out your gross and net score for each hole on the flighted score sheets. (Your scorecard will have your flight on it). Put your Ec scorecard in the box provided.
5. In the subsequent weeks, only put a score on the hole you have improved on. If you have improved on a hole, erase the higher score on the score sheet and put in the lower score. Don't worry about the totals.
